Ms. Susan Seamans

Falconer, NY 14733

Dear Ms. Seamans:

The U.S. Environmental Protection Agency, (EPA) is currently performing and overseeing a time-critical removal action at the Chase Interiors Site under the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA). The CERCLA Removal Action site is located at 205-235 Lister Avenue, Falconer, Chautauqua County, New York.

By providing the public with greater access to these records, we hope that people will be better equipped to comment constructively about site activities, and to understand the issues relating to the selection of the response action EPA is undertaking at the site.

We appreciate having the Falconer Public Library as the designated administrative record facility for the Chase Interiors Site. The enclosed record files, along with any future documents relating to technical activities at the site, should be made available for public review. These records should be treated as non-circulating reference material, and should not be removed from your facility.

Also enclosed is a fact sheet entitled "Administrative Records in Local Repositories". This may assist you and your staff in answering questions posed by the public concerning administrative records and selection of response actions at Superfund sites. Please feel free to distribute this guide to the public.

To ensure the receipt of the administrative record file, I would appreciate your completion of the attached Document Transmittal Acknowledgement form. Please return this form in the enclosed self-addressed, stamped envelope.

Again, I would like to thank you for your cooperation with the U.S. EPA in serving as a Field Repository. If you have any questions or comments, please contact me at (908) 321-6647.

Sincerely Yours,

A handwritten signature in cursive script that reads "Bonita L. Green".
